DEPARTMENT OF THE AIR FORCE
HEADQUARTERS 501ST COMBAT SUPPORT WING (USAFE)

MEMORANDUM FOR RECORD

FROM: 422 ABG/CC

SUBJECT: 422 ABG Energy Policy Statement

1. Protecting the environment and preserving our natural resources must be one of our highest priorities. Reducing our energy consumption will ultimately reduce our exploitation of and dependence upon fossil fuels, this in turn will ensure that we provide a cleaner, healthier and more sustainable environment for each of us, our families and generations to come. The 422 ABG, will strive to meet all of its current and future energy goals by adopting the following methodology:

- a. Research, develop and implement new energy saving technologies
- b. Implement targets and objectives through the Environmental Management System (EMS)
- c. Implement training and working practices to promote good energy management
- d. Build energy conservation into all polices, programs and missions
- e. Target all energy uses across the installation(s) including tenant units and contractors

2. If you have any questions or need additional information, please contact Mr. Alex Wilkieson, 422 CES/CEA at DSN 236-8766.
