MEMORANDUM FOR RECORD

FROM: 422 ABG/CC

SUBJECT: 422 ABG Environmental Policy Statement

1. Protecting the environment must be one of our highest priorities as we work to improve RAF Croughton, its associated GSU's and installations. Each of us must remain committed to continually improving our processes in an effort to better conserve the environment in which we live and work. Compliance with environmental laws and regulations helps to ensure we each do our best to be good stewards of the environment. In all of our activities we must strive to:

- a. Promote the sustainable use of natural resources and man-made materials
- b. Implement training and working practices to prevent environmental pollution
- c. Build environmental requirements into all policies, programs and missions
- d. Integrate environmental best practices into the community and all levels management
- e. Adopt continuous improvement concepts in environmental objectives and performance
- f. Exceed regulatory and legislative requirements wherever possible
- g. Work to promote waste minimization and the conservation of energy and water
- h. Effectively communicate and enforce environmental policy

2. If you have any questions or need additional information, please contact the 422 CES/CEAN POC's Ms. Shirley Tynan, DSN 236-8555 or Mr. Mark Nearn DSN 236-8456.
