

Environmental Commitment Statement

Environmental quality and protection is the responsibility of everyone who lives and works at RAF Alconbury and RAF Molesworth.

We will:

- Comply with all applicable EO, DoD, Air Force and local Regulations and Policies
- Maintain an Environmental Management System that conforms to ISO 14001
- Take all practicable steps to prevent pollution
- Conserve water, minimize waste and recycle materials where possible
- Innovate and strive for continual improvement in environmental performance
- Act as good neighbors: safeguard species and habitats of local importance and mitigate potential impacts off-base

Awareness of and compliance with this statement is the responsibility of each and every employee, dependent, contractor and Mission Partner at RAF Alconbury and RAF Molesworth. Associated Organizations and Contractors who maintain their own EMS will also ensure they observe and comply with this statement, where applicable.
