I HAVE AN ASSIGNMENT TO OR FROM AN IMPACTED LOCATION, NOW WHAT?

Effective 13 March 2020, Total Force Military and Civilian Airmen and their families traveling *to, from or through* Centers for Disease Control and Prevention (CDC) with Travel Health Notices of Level 3 (COVID-19) will Stop Movement for the next 60 days. See attachment 4 of guidance for impacted countries. Concurrent official travel for family members of Total Force Military and Civilian Airmen is *denied to, from or through* CDC Countries with Travel Health Notices of Level 2. See attachment 4 of guidance for impacted countries.

Specific PCS guidance for military Airmen is outlined in the “Stop Movement and Concurrent Guidance Related to Travel Restrictions Due to the Coronavirus Disease (COVID-19)”.

If your assignment is *to or from* an Overseas country designated as **Level 3** for COVID-19 by the CDC, reference Part I, para 2. RNLTD and DEROS Extension requirements are outlined in Part I, para 5. Exceptions are outlined in Part I, para 5.

If your assignment is **accompanied** and *to* an overseas country designated as **Level 2** for COVID-19 by the CDC, and you have family members who are impacted by the concurrent official travel denial, reference Part II, para 2.

Due to the nature of the COVID-19 outbreak and specific state and country reactions to the virus, the CDC assessment for Level’s 1, 2, and 3 is fluid in nature and is ever changing. We ask that you stay in touch with your leadership for future updates. Additional information on COVID-19 is available on the CDC website at <https://www.cdc.gov/coronavirus/2019-ncov/summary.html>, a real-time listing of countries affected can be found at <https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html>. You can also access information on the Air Force’s Personnel Center Facebook page, www.facebook.com/airforcepersonnelcenter and on the U.S. Air Force page at <https://www.af.mil/News/Coronavirus-Disease-2019/>.

I AM OVERSEAS AND MY DEROS IS APPROACHING AND HAVE AN ASSIGNMENT TO AN IMPACTED LOCATION, NOW WHAT?

Airman’s DEROS with projected PCS to a country designated as level 3 will be extended 60 days. Airman requiring a RNLTD extension will be worked on a case by cases.

I HAVE A FOLLOW ON ASSIGNMENT TO AN IMPACTED LOCATION, CAN I ASK FOR A DIVERSION?

Not at this time, remain in place or follow Stop Movement guidance. Specific PCS guidance for military Airmen is outlined in the “Stop Movement and Concurrent Guidance Related to Travel Restrictions Due to the Coronavirus Disease (COVID-19)”.

I AM CURRENTLY TDY AT AN IMPACTED LOCATION TDY, DO I RETURN TO MY HOME STATION?

No, remain in place. See Part I, para 3 of “Stop Movement and Concurrent Guidance Related to Travel Restrictions Due to the Coronavirus Disease (COVID-19)”.

(As of 12 March 2020)

Airmen projected TDY or Leave to a Stop Movement location will *not* proceed. Airmen currently at a TDY location impacted by Stop Movement will remain in-place until further guidance or Stop Movement is terminated. Airmen enroute will be contacted by their chain of command for instructions. Airmen currently on leave at an impacted Stop Movement country will remain in-place and will be contacted by their chain of command for further guidance. Upon member returning to home station leave dates will be adjusted accordingly.

If you are on official travel to non-Level 3 designated locations, see Part III of “Stop Movement and Concurrent Guidance Related to Travel Restrictions Due to the Coronavirus Disease (COVID-19)”,

I AM SCHEDULED TO GO ON A DEPLOYMENT. WILL MY DEPLOYMENT BE CANCELLED? WHAT SHOULD I DO, WHO SHOULD I CONTACT?

AS AN MPF, HOW DO WE PROVIDE PERSONNEL SUPPORT FOR IMPACTED MEMBERS?

This document covers the stop movement order and concurrent travel guidance in addition to TDY hold guidance. For Outbound Assignments sections, further guidance will be relayed via official channels to track and report personnel who have outprocessed and departed for PCS but have not yet signed in.
